Global Talent Stream

PROFESSIONAL SUMMARY

Senior Full Stack Software Engineer (NOC 21231) with over 5 years of experience designing and developing scalable web applications and enterprise software solutions. Proven success in delivering 20+ production applications serving 5,000+ users with 99.99% uptime and zero critical bugs in production. Expert in modern JavaScript frameworks, cloud architecture, microservices, and agile development methodologies. Specialized in MERN stack development, cloud solutions, and DevOps practices with a strong focus on performance optimization and user experience. Actively pursuing software engineering opportunities in Canada with a relocation-ready mindset.

TECHNICAL SKILLS

Frontend Development: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Redux, TypeScript, Responsive Design

Backend Development: Node.js, Express.js, Python, Java, C#, RESTful APIs, GraphQL, Microservices, Server-side Architecture

Database Technologies: MongoDB, MySQL, PostgreSQL, Redis, Firebase, Database Design, Query Optimisation, Data Modeling

Cloud & DevOps: AWS, Azure, Google Cloud Platform, Docker, Kubernetes, CI/CD, Jenkins, Git, Infrastructure as Code

Development Methodologies: Agile/Scrum, DevOps, Test-Driven Development, Code Review, Continuous Integration

Software Architecture: Microservices, RESTful APIs, MVC Architecture, Design Patterns, System Design, Performance Optimisation

Project Management: Team Leadership, Technical Mentoring, Client Communication, Requirements Analysis, Solution Architecture

Emerging Technologies: Machine Learning, AI Integration, IoT Development, Blockchain, Progressive Web Apps, Serverless Architecture

PROFESSIONAL CERTIFICATIONS

- Certified Ethical Hacker – Cisco Networking Academy
 - Azure Fundamentals – SkillUp
 - Explore Emerging Tech (5G, IoT) – IBM SkillsBuild
 - Generative AI Studio – Google Cloud & SkillUp
 - English for IT 2 (Technical Communication) – Cisco
 - Full Stack Java Development – SkillUp
 - Android App Development – Great Learning Academy
 - Web Development Fundamentals – IBM SkillsBuild
 - JavaScript Essentials – Cisco & JS Institute
 - Python Essentials – Cisco & Python Institute
 - Python for Beginners – SkillUp
 - C++ Complete Course – Udemy
 - Mastering C# (Apps, Games) – Udemy
 - The Ultimate SQL Bootcamp – Udemy
 - Data Analyst 101 – SkillUp
 - Entrepreneurship & Business Essentials – IBM SkillsBuild

PROFESSIONAL EXPERIENCE

Senior Full Stack Software Engineer | ZeeX Soft UAE | Sharjah, UAE 2019 – Present

- Designed and developed 20+ scalable web applications using MERN stack, serving 5,000+ active users with 99.99% uptime.
- Architected microservices-based cloud solutions on AWS and Azure, reducing infrastructure costs by 30% and improving performance by 40%.
- Led full software development lifecycle from requirements to deployment, implementing agile methodologies for timely project delivery.
- Developed responsive frontend interfaces using React.js and modern CSS frameworks, achieving 95% user satisfaction.
- Built robust backend APIs and database systems handling 10,000+ concurrent users with optimised query performance and caching.
- Implemented automated testing suites and CI/CD pipelines using Jenkins and Docker, reducing deployment time by 60%.
- Mentored and provided technical guidance to development teams, improving code quality and best practices by 50%.

Featured Software Projects

First Corn UAE - Agricultural Technology Platform - Built an agritech platform integrating IoT sensors and real-time data analytics, resulting in a 25% increase in farm yields.

AI-Powered Music Recommendation Engine - Developed a music recommendation system using emotion detection and machine learning, improving user engagement by 85%.

Enterprise Cloud Management Dashboard - Created a cloud resource management platform for enterprise clients, reducing manual management tasks by 70%.

Bounce Ball 10 - Mobile Gaming Platform - Developed a mobile gaming application supporting 5,000+ concurrent players, including leaderboards, real-time multiplayer, and in-app purchases.

EDUCATION

Master of Computer Science (Software Engineering Focus) University of Southern Punjab, Pakistan | 2021 – 2023

Associate Degree in Information Technology University of Southern Punjab, Pakistan | 2019 – 2021

SOFTWARE DEVELOPMENT ACHIEVEMENTS

- Delivered 20+ applications with 99.99% uptime and zero critical production issues.
 - Built solutions serving 5,000+ active users with 95% user satisfaction.
 - Reduced infrastructure costs by 30% through cloud optimisation.
 - Decreased deployment time by 60% using CI/CD pipelines.
 - Improved code quality by 50% through development standards.
 - Mentored 10+ junior developers in modern development practices.
